USB Wireless 150 Mbps Adapter
appUSB150DAV3

Designed to provide high speed and incomparable wireless performance for your computer. You can get a better internet experience, such as downloads, games, streaming video, etc. It uses more advanced wireless network technology: 802.11n. When 802.11n devices are interconnected, MIMO technology uses twice the radio wavelength band to increase three times the speed of transmission. APPUSB150DAV3 supports WPS, to set up your wireless network without effort, helping to prevent outside intrusion and protect your personal information from possible exposure. It is a perfect solution for small office and home needs.

Compatible with wireless audits.
